Dear Sir:

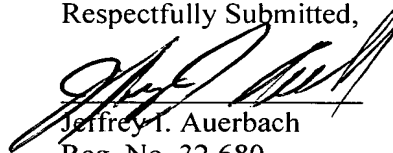

The computer readable sequence listing provided herewith is identical with that filed in United States Patent Application Serial No. PCT/US00/06297, filed on March 9, 2000. In accordance with 37 CFR 1.821(e), please use the computer readable form filed in that application as the computer readable form for the present application. In the event that such computer readable Sequence Listing cannot be readily located, a copy is enclosed. It is understood that the United States Patent & Trademark Office will make any necessary changes in the application number and filing date for the computer readable form that will be used for the present application. A paper copy of the sequence listing is included in the originally filed specification of the instant application. The information included in the paper copy of the sequence listing included in the instant application is the same as that included in the computer readable format filed in United States Patent Application Serial No. PCT/US00/06297, and that provided herewith.
